

Lothian Supply Co Ltd

WE DON'T SELL EVERYTHING, BUT ALMOST.

2024 CATERING RANGE

A system that works

From careful design – right through to our manufacturing process – we strive to create beautiful products that are kind to both the planet, and the people with whom we work. Wherever we can, we choose sustainable materials that can be reused, recycled, composted, or biodegraded.

Please see our eco icons throughout this brochure which will help you to identify the recyclability and reusability of our products.

The recyclable product icon indicates that the product itself is recyclable, this includes products with limited hot foil stamping.

The reusable contents icon indicates that the contents within your product can be used and enjoyed again and again.

The recyclable packaging icon indicates that the packaging of the product can be fully recycled, even the PET window too, if applicable.

The non plastic contents icon indicates that the contents within your product are free from plastic and eco friendly.

Our sustainable approach

Being environmentally conscious and sustainable in our approach is very close to our hearts and embraced through our design, material sourcing and manufacturing process.

Guiding our clients through each product development, we encourage and advise the most sustainable choices along the way. We know we aren't alone with our passion for sustainability.

- Significantly reduced plastic use
- Using recyclable materials and re-usable items
- Using recycled or responsibly sourced paper

...are just some of the ways we are doing our bit to make a difference.

The image shows a top-down view of a white ceramic plate set on a dark grey surface. On the plate, three festive crackers are arranged diagonally. Each cracker is wrapped in green paper with a gold holly leaf pattern and red berries. The crackers are tied with red ribbons. A beige linen napkin is tucked under the crackers. To the left of the plate, two gold forks are visible. To the right, two gold knives are visible. Red berries are scattered around the plate, including a small branch with several berries in the bottom left corner.
